

term care policies that do not provide the level of financial protection that consumers need. Because of the expense of these policies, the consequences of purchasing inadequate insurance, and the difficulty of understanding these policies, we need to ensure that reasonable quality standards protect consumers from buying inadequate and inappropriate long-term care policies.***HD***Title V: Reauthorization of the Older Americans Act of 1965

Title five of the legislation is an extension of the Older Americans Act of 1965, as proposed by the President to include grants for care giver assistance.***HD***Title VI: Early Buy-in For Medicare

Title six of the legislation would provide caregivers an early option to join Medicare. This important portion of the bill would provide increased access to health coverage for Americans who are the primary caregivers for family member with long-term care needs.

Many Americans must quit job or retire early to care for a family member who has long care needs. In addition, they tend to range in age from 55 to 64. Consequently, health insurance companies refuse to insure them or charge huge premiums. Our proposal would cover nearly five million early caregivers who face the prospect of being uninsured and who are helping all of us by keeping other individuals out of taxpayer-subsidized institutions. This provision allows qualifying individuals to receive Medicare coverage when they leave their employment to provide long-term care for a spouse or relative.***HD***Title VII: Long-Term Care Giver Social Security Credit Protection

Title seven also protects the future retirement income of caregivers who leave their employment to offer long-term care. This title does two things. First, it ensures that caregivers will continue to receive their Social Security credits while they are caregivers. Second, while the caregiver is unemployed he or she will be credited with the arithmetic average of his or her previous three years of employment as a contribution to income.

FOREIGN OPERATIONS, EXPORT FINANCING, AND RELATED PROGRAMS APPROPRIATIONS ACT, 2000

SPEECH OF

HON. LORETTA SANCHEZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, August 2, 1999

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 2606) making appropriations for foreign operations, export financing, and related programs for the fiscal year ending September 30, 2000, and for other purposes:

Ms. SANCHEZ. Mr. Chairman, today the House considered the Foreign Operations Appropriations Bill for fiscal year 2000. One issue of great concern to me was the absence of funding for the Community Adjustment and Investment Program (CAIP) in this appropriations bill. The CAIP is a way of helping communities that are negatively impacted by NAFTA.

With NAFTA came hard times for many areas around the country. Businesses moved

operations to Mexico, leaving thousands of Americans without jobs and many communities in economic distress.

The CAIP program allows NAFTA affected communities to receive funding for job training and investment capital for job creation. Providing workers with the skills to acquire new jobs, and providing the communities with the funding to establish new enterprises, will help to bolster the economies of many NAFTA impacted areas. President Clinton understood this when he requested that the CAIP receive \$17 million in his fiscal year 2000 budget.

NAFTA was supposed to increase economic prosperity for everyone involved in this agreement. The least we can do in Congress is to make sure that those American workers who were negatively impacted by NAFTA have a chance to succeed as well. The CAIP is a program which helps to achieve that goal.

I am hopeful that my colleagues will realize the importance of CAIP and ensure that it will receive funding when this bill goes to conference.

KING HASSAN II OF MOROCCO—AN APPRECIATION BY DR. JOHN DUKE ANTHONY

HON. TOM LANTOS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, August 3, 1999

Mr. LANTOS. Mr. Speaker, on July 23, His Majesty King Hassan II of Morocco passed away and his son, Sidi Mohammad ben Al Hassan assumed the throne of Morocco.

I would like to call the attention of my colleagues to a particularly thoughtful and insightful essay on the role of King Hassan and his positive impact upon Morocco. The essay—"The Passing of Morocco's King Hassan II"—was written by Dr. John Duke Anthony, the president of the National Council on U.S.-Arab Relations, secretary-treasurer of the U.S.-Gulf Cooperation Council Corporate Cooperation Committee, and a distinguished American scholar of Middle Eastern affairs.

Mr. Speaker, I ask that Dr. Anthony's essay be placed in the RECORD, and I urge my colleagues to reflect upon his discerning appreciation of the role and significance of the reign of King Hassan II.

THE PASSING OF MOROCCO'S KING HASSAN II

(By Dr. John Duke Anthony)

In the history of America's foreign affairs, a long-running chapter with Morocco, one of our country's oldest and most important allies, closed and a new one opened this past week.

The King of Morocco, the first country to recognize the fledgling U.S. republic during the Administration of President George Washington, was laid to rest.

As anticipated, accession to the kingship of King Hassan II's eldest son and Heir Apparent, the 36-year old Moulay, now King,
